2024-25 ANNUAL REPORT

Best of Wealth is Education

Gyaandaan Foundation was started in October 2020, with a mission to provide quality Education & and Skill Development to the students in the rural and urban backward areas.

The year 2023-24 was a period of remarkable milestones, growth, and expansion for Sampoorna Shiksha- Gyaandaan Foundation. We achieved significant progress through

- Launch of new programs
- Expansion of new regions
- Strengthened partnerships and collaborations

Our new geographies include,

- Uttarpradesh,
- Tamilnadu,
- Ladhak,
- West-Bengal.

Our esteemed partners in Corporate Social Responsibility (CSR) Pranav Construction Private Ltd & Powerhouse Ltd. supported in impacting 20,000+ students and 500+ teachers. Our projects focused on Skill Development, School Infrastructure Development, Education across 14 states.

New set-ups and initiatives were launched in locations like Bhundelkhand (MP), Karauli (Rajasthan), Dimow(Assam), Harikeshavanallur(TN), Tenkasi(Tamilnadu) Drass(Ladhak) Srot (Ladhak) Jammu & Kashmir furthering our mission to provide skill development, education, through setting up of Toy Libraries, Digital classrooms and Computer Laboratories.

Our visits to remote areas to get an outside in approach to the actual problems helped us address the issues on a need basis. Visits to remote areas like Rath in UP, and Tenkasi, Suchindram in Tamilnadu and Ramgrah in Uattarakhand helped us progress towards our mission of social development.

We are grateful to our partners, volunteers, and dedicated staff for their unwavering support. We look forward to another year of meaningful impact and growth.

Mission/Vision/Goals

MISSION

To uplift the children belonging to weaker sections of our society and help them fulfill their dreams through education.

VISION

To spread the light of education among the underprivileged children of our society.

GOALS

Sr No	Details	No Set up
1.	School Adoption	5
2.	Digital Classrooms	20
3.	Toy Libraries	75
4	Computer Labs	30
5	Teachers Training	15

We focus on :

Shikshalaya

Aims to enhance educational facilities and resources in schools and community centers by providing both technical and non-technical aids. This can be achieved by

Establish Digital Classrooms E-Shiksha Kit:

Implement state-of-the-art digital classrooms equipped with modern teaching aids to facilitate interactive learning. E-Smart Shiksha board is a cutting-edge educational tool equipped with a smart TV and a comprehensive NEP 2020 aligned curriculum with the board syllabus of the school. It also offers a variety of lessons on skill development.

Modern Libraries – Kitab Khilona:

Develop well-resourced libraries with books and Toys physical kits and digital materials. with diverse collection of age-appropriate educational toys. We also set-up hanging libraries with books , story-cards, charts and various reading materials and engage children to enhance their learning and reading skills that makes learning fun, easy & more effective

ComputerLabs/Learning Centre - Tech Pathshala

This provides students in remote areas with state-of-the-art learning environment. These labs are equipped with modern computers, high-speed internet, and a variety of educational software. It empowers the students with computer literacy and allows to present themselves with confidence.

Improved Educational Infrastructure - Nav Nirman

-School adoption with infrastructure development focuses on improving educational environments by upgrading facilities . We focus on create better learning conditions, enhance student experiences, and promote academic success, contributing to the overall development of schools in underprivileged areas.

We focus on :

Shiksha Vikas

Aims to enhance teaching initiatives in the rural and underserved areas

Empowering Teachers - SS-ACADEMY-

The project will train the teachers in schools or community centres. This program will provide professional development for teachers, focusing on the latest pedagogical techniques and technological integration. This will create the love for learning among the children.

Spoken English - ENGLISH ON CALL

A confidence-building Spoken English course designed to enhance spoken English skills of participants from rural and underserved areas, enabling them to communicate effectively. Spoken English course Teachers training -empower teachers to teach spoken English more effectively, equipping them with the skills to improve their students' language abilities.

Empowering Students- SKILL DEVELOPMENT :

We believe in inculcating the concept of skilling which is to 'plant the seed' of a practical approach to learning from a young age and train young minds to absorb what they need to be efficient while seeking livelihood

Volunteering / Internship

Onboard students from various institutes and organisations to engage in our various projects. We connect global volunteers & rural Indian schools to empower the students in rural areas.

OUR KEY DONORS

OUR TESTIMONIALS VOLUNTEERS SPEAK

Samavartika Nalam- MA(education frm Aziz Premji University and she has got experience in training teachers in English and Maths in a activity based teaching

"I feel grateful to have connected with passionate teachers from villages across India through Sampoorna Shiksha. The dedication of these teachers and their desire to make their classes more meaningful and fun is very inspiring. I have a great time interacting with them. Thank you Lataji and the team from Sampoorna Shiksha for your support and trust in me. I wish you success in all you endeavors to enhance education and reach even more communities."

Rekha Sriram - Volunteer Manager - UAE who manages Volunteers and projects for spoken /english, between UAE and India for Tamilnadu schools.

For the past three years, I have been with Sampoorna Shiksha, leading the "English on Call" project that endeavors to give online spoken English lessons to under privileged children in the rural Tamil Nadu schools of India. This initiative has benefited 230 children through 30 volunteers from India and the Gulf. I also facilitate partnerships with schools in Dubai, fostering cross-cultural exchange and educational growth. This journey has been truly fulfilling, giving me a deep sense of purpose.

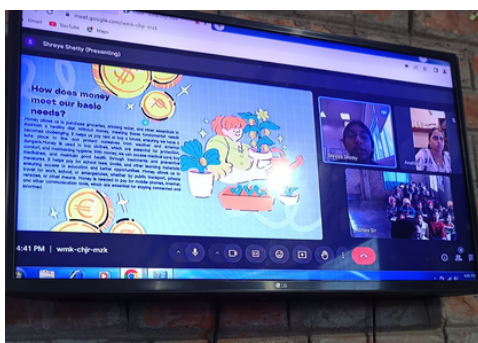

Hitanshi- A volunteer who has been engaging the students in a fun and creative way , teaching english as a language for Bihar students.

I had the privilege of volunteering with Sampoorna Shiksha in 2023, teaching English writing and speaking to students in grades 7 to 10. The experience was eye-opening, making me appreciate the value of education and the opportunities many take for granted. Coming from a family of teachers, I truly admire the efforts of Pushpa ma'am and Lata ma'am for leading such a transformative initiative. The NGO's structured curriculum, supportive team, and commitment to rural education—like in Sarsa village, Kurukshetra—make it a powerful force for change. It empowers both students and volunteers, fostering awareness, empathy, and a deep respect for learning

OUR TESTIMONIALS- NGO S SPEAK

Govind Sir - Srijan Ek Soch Teachers Empowered them to take English and Maths in a fun and activity based by Samvartika Nalam.

We would like to extend our heartfelt thanks to the team of Sampoorna Shiksha for conducting such meaningful and engaging sessions in our schools. Through these sessions, teachers introduced various creative and visual activities which have significantly helped our students. The children have developed a better understanding of different types of visual art, including painting and modern forms of expression. These activities have not only enhanced their learning but also sparked creativity and interest in the classroom. We have observed a visible positive change in the students. They are more engaged, enthusiastic, and open to exploring new ideas. Your contribution is deeply appreciated and truly commendable. We sincerely hope that your guidance and support will continue to benefit our students in the future as well.

Shyam Kumar 's - Founder of Kanhaiya Singh and Sugeshwari Devi (KSSD) Trust, reflection on our various educational initiatives

Sampoorna Shiksha has played a vital role in transforming the educational experience at KSSD Trust. Their innovative teaching methods, focused teacher training programmes, and practical financial literacy sessions have created a lasting impact on both our educators and over 400+ students. Their dedicated volunteers provide ongoing support to address classroom needs, making learning more engaging and inclusive. With a deep understanding of grassroots education and a strong commitment to holistic development, Sampoorna Shiksha has strengthened our teaching approach. We truly value this meaningful partnership and look forward to continued collaboration in bringing quality education and life skills

OUR TESTIMONIALS- SCHOOL PRINCIPAL/ STUDENTS SPEAK

Mr Pawar - Principal Pt. Motilal Nehru School, Nerul.

Pawar Sir, Motilal- Pt. Motilal Nehru High School extends its gratitude to Sampoorna Shiksha for the invaluable opportunity provided to our students. This program significantly enhanced their spoken English proficiency. Sampoorna Shiksha's comprehensive initiative included yoga classes, spoken English instruction, and the provision of computer lab resources, all delivered effectively via a virtual platform by dedicated volunteer students. The commitment and responsibility exhibited by the Sampoorna Shiksha volunteers were instrumental in benefiting our students. Our teaching staff also found the teacher training sessions highly valuable. We express our sincere appreciation for the Sampoorna Shiksha team's exceptional efforts and anticipate their continued support.

Shishmita. - A student from Epiphany school, Pune. She was one of the students who were coached for spoken-english by students from UAE as a school-to-school adoption program

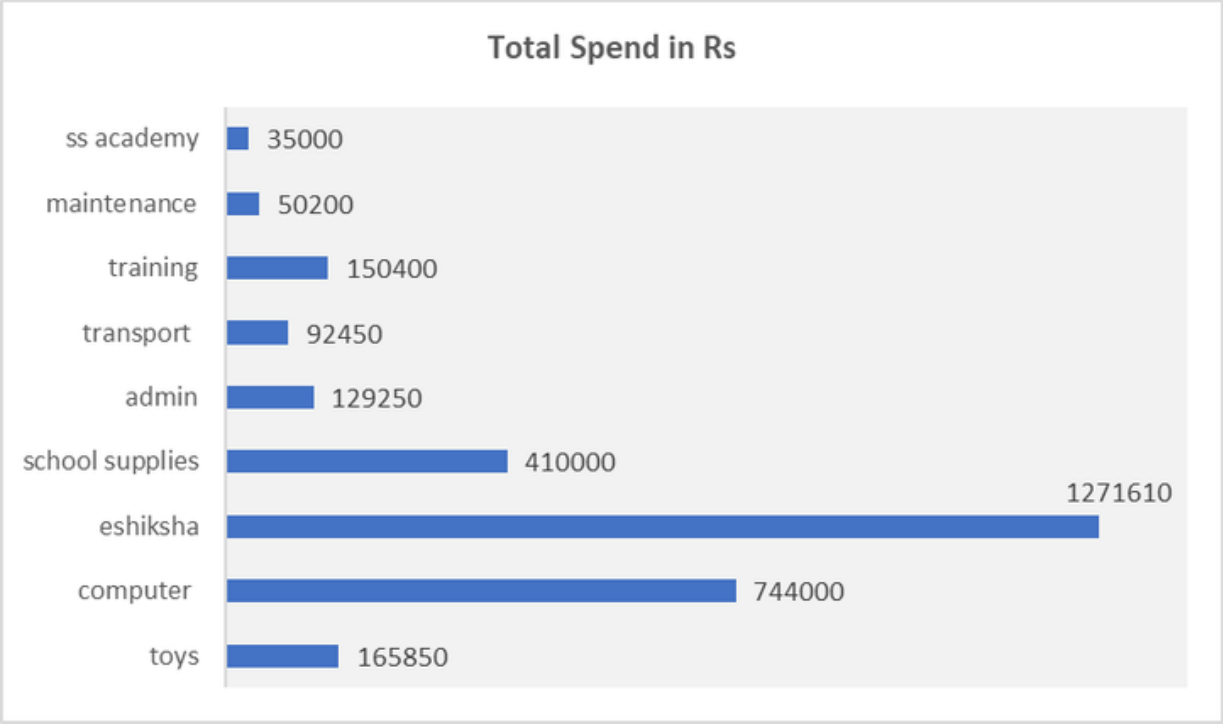

My name is Shishmita. From class 8th, I am going to tell what I learnt from spoken English class. It was a great experience with Soha Didi and Devanshi Didi. They both were the didis who were teaching me in spoken English class. In our first session only we became friends and we were like conversing and like played a game. Devanshi Didi and Soha Didi gave me the certificate also. The spoken English class changed my vocabulary, and taught me how to improve it. How to frame the questions. I am always like curious as to what today is going to be taught today. Every lesson has a moral. . I thank you to my principal and my class for giving this opportunity for learning and spoken English class . Thank you

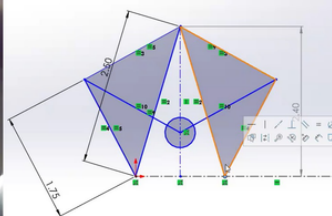

Samia Gaikwad - A student from Epiphany school, Pune. She was one of the students who were coached for spoken-english by students from UAE as a school-to-school adoption program

Hello everyone, my name is Samia Gaikwad. I am from Epiphany English Medium School. My session was wonderful. I had fun in session. That was nice for me. And I get confidence to speak in meeting. I learn to speak English in neat way and to read difficult words And I learn how to do somebody. My teacher taught me in nice way. I can understand how they taught me. They taught me general knowledge and English skills And how to speak confidently. I got very nice improvement in reading, speaking and in general knowledge. Thank you.
